

Thanksgiving Conversation Place Cards

1. Print pages 2-5 on white or ivory card stock.
2. Using the above pages in your printer's paper tray, print pages 6-9 on the back of the above.
(You might want to do a test page and make sure you have the paper in the tray correctly.)
OR print pages 9 and 10 to cut out and glue inside of place cards.
3. Cut out your place cards (there are four on each page and they are 5" x 4 1/4") and then fold in half vertically, so design area is on bottom half of card.
4. Write names on each card (& glue inside question if you didn't print them with these.)
5. Midway through your thanksgiving feast, ask each person to answer the question which is inside of his/her place card.

These are for personal use only — Not for resale.
